  - ▶ Keeps a copy by Accounting's RTS Workstation to log down adjustments processed when creating daily State Disbursements.
  - Includes a copy with Motor Vehicle Weekly Balancing to deduct adjustments from Weekly Collections Journal Entry.
- Tarrant County also runs this Funds Adjustment Report monthly:
  - Once all funds adjustments have been resolved (recovered from or disbursed to the State), the Monthly Funds Adjustment Report is turned into the Motor Vehicle Accounting Manager to include with the monthly Bank Reconciliation.
  - At the end of the month, (since funds have been recovered from the State via daily State Disbursements) a final Over/Short Adjustment Journal Entry is created to add the transaction back into our Cash GL Account.
  - > The two Funds Adjustment Journal Entries net to zero, which is appropriate since no money has physically switched hands.

#### Distribution of Account Item Codes (County Collections): State generated fee schedule

- Accounting uses regularly to help us determine the breakdown of Funds Adjustment fees (what portion belongs to the County / what portion belongs to the State).
- Assists Accounting in ensuring the Cognos Daily Funds Remittance Reports balance correctly.
- Assists Accounting in ensuring the correct fee types are booked to the correct GL account.
